VOL. XX. NO. 295.

CHICAGO, THURSDAY, NOVEMBER 26, 1914.

SPECIAL EDITION

HANDICAP TO HOUSEMAID

H. C. HALLENBECK'S GOOD MARE A WINNER AT HAVRE DE GRACE.

Heavy Support Sends Coquette to Post Favorite Over Her, but Juvenile Filly Has to Be Content with Second Money.

Havre de Grace, Md., November 25.—H. C. Hallenbeck's speedy mare Housemaid, following several disappointing performances, made good here this afternoon when she beat a band of fast sprinters in the six-furlong handicap. Housemaid carried 123 pounds, made all of her own pace and beat Coquette by three-quarters of a length. Coquette was making her first appearance in public since she changed hands this fall and was made the medium of such heavy support that she went to the post favorite over Housemaid. She showed a good performance. Off none too well, she got quickly to the front and was a keen factor throughout the last half mile. Her effort of today will probably improve her.

The attendance showed a big increase over the previous days of the week, due no doubt to the moderation in weather conditions. The track was fast and the contests keen. The winners in a majority of instances being under sinew-straining drives to score by small margins.

Seventeen of the twenty carded went to the post in the opening race, a dash of five and a half furlongs for maiden two-year-olds. Starter Milton was particularly fortunate in sending them away to a splendid break. The finish was closely contested, with Beverly James lasting to beat Half Rock a nose. Beverly James made most of the pace and hung on with determination under a drive. Half Rock was the medium of a plunge that reduced the race to a 20 to 1. He came from the rear division and was overtaking the winner with every stride. Duke of Dunbar was only beaten a head for second place.

The Oklahoma sprinter Useit proved best of the big field of platers in the second race. She was ridden by the diminutive Louder and came from behind to win by a scant length from Dr. Dougherty.

The Trenton Selling Stakes, a dash of five and a half furlongs for two-year-olds, brought out the smallest field of the afternoon. There were only four starters, with Athena and Gloaming coupled. Gloaming was divided between the pair and Gaedler, with the latter always having the call. Broom Flower, the outsider, proved best, however, and beat Athena a head. Gaelic showed keen speed and appeared to have his opposition beaten in entering the homestretch, but in the final drive he pinned his ears back and seemed to balk. Athena was coming strong at the end and probably would have beaten the winner in another stride.

R. J. Allison sold Hobnob and Billy Collins to William Birnie this morning and the two were shipped to Charleston with J. S. Ownbey's string. A. F. Dayton, who is gathering together a large string to race at Charleston and Havana, has added the useful two-year-old filly Reflection to his string. He purchased her from Sam Louis, who took her out of a selling race last week.

C. J. Fitzgerald, who has been acting as a steward at Havre de Grace, left for his home in Canada last night. There is some talk of Mr. Fitzgerald going to Cuba this winter to act as presiding judge.

A subscription is being taken up by ring manager John Cavanaugh to pay the fine of \$500 imposed on Morris Kobe at Norfolk last spring. This amount must be obtained by December 6 or Kobe will be forced to serve a heavy jail sentence.

WORK-OUTS OF EASTERN HORSES.

Havre de Grace, Md., November 25.—Recent work-outs of horses in training here were as follows:

Weather clear; track fast.
Adams Express—Half mile in 54.
Beau Pere—Three-eighths in 37.
Benedictina—Mile in 1:47.
Blue Thistle—Half mile in 51.
Brave Commander—Half mile in 50.
Celesta—Three-quarters in 1:16.
Chilla—Half mile in 52.
Colonel Cook—Half mile in 51.
Cornercracker—Three-quarters in 1:19.
Crosshairs—Five-eighths in 1:04.
Czar Michael—Half mile in 50.
Danzon's March—Half mile in 52.
Dr. R. L. Swarzenge—Five-eighths in 1:06.
El Mahdi—Five-eighths in 1:03½.
Encore—Half mile in 53.
Fairy Godmother—Half mile in 54.
Harlequin—Five-eighths in 1:05.
Havresack—Half mile in 50½.
Heartbeat—Mile in 1:47.
Hedge—Seven-eighths in 1:33.
Hypatia—Three-quarters in 1:17.
John P. Nixon—Three-quarters in 1:15.
Kewessa—Half mile in 50.
King Radford—Five-eighths in 1:06.
Lady Grant—Three-quarters in 1:18.
Lady Rankin—Mile in 1:47.
Lydia A.—Half mile in 50.
Mallard—Five-eighths in 1:05.
Marjorie A.—Three-eighths in 37½.
Mimesis—Seven-eighths in 1:34.
Mistrel—Three-eighths in 38.
Mr. Snigge—Three-quarters in 1:19.
Pardner—Five-eighths in 1:05.
Pied Piper—Half mile in 50.
Polly H.—Half mile in 50½.
Quick Start—Three-quarters in 1:18½.
Ray o' Light—Three-eighths in 36½.
Rescue Goose—Half mile in 50.
Ruffo—Half mile in 52.
Saturnus—Half mile in 54.
Sir Blaise—Half mile in 50½.
Shumbeber—Three-quarters in 1:20.
Surgeon—Five-eighths in 1:06.
Swart's Hill—Half mile in 53.
Thorn—Three-eighths in 37.
Tranid—Half mile in 49½.
Useit—Five-eighths in 1:03.
Videt—Half mile in 56.
Yorkville—Three-quarters in 1:17.

NOTES OF THE TURF.

The Home-Bred Stakes, \$3,000 added, for two-year-olds foaled in the United States and Canada, is to be run at the autumn meeting of the Westchester Racing Association next year.

A Paris dispatch says that despite recent denials, the report of the death of Aleck Carter, the jockey, is confirmed by a letter from the hospital at St. Pol, near Albert, where he died. His brother Reginald is a prisoner in Germany.

"Round after round of cheering, such as is never heard on a race course except when one of his majesty's horses wins a great race," is the London Sportsman's description of the scene at Windsor after the winning of the Frognore Nursery by the grey filly, Meduse, bred and owned by a Belgian, M. P. Mathien, and ridden by Morjoo, a Belgian jockey. The crowd was not cheering a favorite's victory either, for Meduse ran unbacked at 20 to 1.

ARMY OFFICERS FAVOR REVIVAL OF RACING.

Judge Murphy Receiving Support in His Movement for Favorable Legislation in Missouri.

St. Louis, Mo., November 25.—Judge Joseph A. Murphy has received notice from Lieut. Col. J. F. Reynolds Landis, secretary of the National Remount Association, that the semi-annual meeting will be held in Washington next Tuesday. Judge Murphy is a director of the association, a civilian auxiliary of the army. Many army officers are directors. The army, face to face with a crisis in remounts, is prodding the association to action.

Judge Murphy is helping to revive racing at New Orleans, commencing January 1, and will have introduced in the coming Legislature a bill to revive it in St. Louis and Kansas City. He will go to Kansas City in a few days to meet a committee of business men to present the proposition to them. The army is declared to be looking to the revival of racing for the solution of its remount problem.

Col. D. S. Stanley, Depot Quartermaster in St. Louis, who was directed to prepare statistics on remounts, has said the revival of thoroughbred breeding in Missouri would be of vast value to the army.

Col. W. E. Wilder, commanding Fort Meyer, has sent this message: "It is greatly to be lamented that racing in this country received such a terrible blow, as the thoroughbred is the best type of cavalry horse we have, and the fact that racing was discontinued forced owners to ship their best mares abroad, and the breeding of these splendid animals has been to a great extent stopped."

Brig. Gen. E. A. Garlington, Inspector General of the United States Army, has said: "There is at present a great scarcity of fine horses for cavalry service. The ban on horse racing forced a good many breeders out of business. All horses bred for racing do not turn out to be race horses, and these horses, in most cases splendid animals, went to work for men under the saddle. When the thoroughbred and standard-bred are blended, the most useful horse in the world is produced. The war is going to make a drain on the American horse market. The horse losses of the German and Austrian armies, and of the Anglo-French-Russian allies, have no doubt been stupendous from overlook alone. These losses must be made up. An idea of the use of horses may be gained from the fact that England in the first call for horses took 74,000 for artillery and 56,000 for cavalry."

EUROPEAN WAR DEVELOPMENTS.

Heavy losses to a retreating German infantry corps which was driven into swamps in the vicinity of Lodz by Russian cavalry is reported in an official statement from the Russian war office, announcing continued success against the Austro-German forces. "The German attempt to turn the Russian flank at Wielun pass was expected and checked," says the London Times' Petrograd correspondent. "The difficulties of the Russian operations in Poland were enormously aggravated by the heavy losses of the country runs from the retreat from Warsaw. A Rusky Slovo correspondent who visited the scene says it is difficult to find a solitary foot of undamaged railroad roadbed for hundreds of versts. The scene, he declares, suggests the visitation of a tremendous typhoon or earthquake. The devastation of the country runs from Warsaw to near Kutno, where the destruction becomes less complete. The commencement of the bombardment of the Cracow forts bears out the official Russian reports that the Russians are approaching the fortress from three directions—namely, Mieschow, Woinicz and New Sandoe."

Unofficial messages from the war zone indicate the Germans have at last opened their crucial attack in an effort to break the allied line and advance through northern France. This attack has been expected for several days, the terrific cannonade having been seen as a preliminary. The Allies have been attacked in force from Ypres to La Bassée," says a dispatch from a correspondent in northern France. "A terrific battle has commenced. The German forces are driving their way into the reinforcements and fresh guns for this renewal of the effort to cut through the allies' line. The English artillery, however, thus far has thwarted all the German attempts." The naval base which the Germans were establishing at Zebrugge has been destroyed by the shells of British warships. Zebrugge is burning and the Solway works near the Bruges ship canal are a heap of ruins. Six submarines which had been brought there in sections have been reduced to twisted iron, and large quantities of stores have been destroyed.

The following announcement from the general staff of the Russian army in the Caucasus was made public: "In the region of the Thoruk river (Russian Armenia) the battle increased in intensity. In the direction of Emzerur we threw back the Turks on the whole of the front and forced them hurriedly to retreat. Our troops are still pushing them energetically. From Karakilissee to Alashgerd valley some engagements took place with results favorable to us. In the Persian province of Azerbaijan the Turks were defeated and are retreating. The Russian troops captured some Turkish artillery."

England is preparing rapidly to repel any possible invasion by Germany. Along the east and south coasts of England these preparations, begun some time ago, are being pushed forward as speedily as possible. Emergency committees of prominent citizens have been formed in several of the large towns. The principal measures planned look to the safe withdrawal of women and children from the areas which may be threatened and also the removal of live stock and provisions which would be useful to an invading army, the destruction of grain and other commodities which can not be removed, and the blocking of roads and destruction of bridges. Rifle clubs are being organized.

A dispatch from Amsterdam says that British warships from bombardment of the Germans at Heyst, north of Zebrugge, yesterday, and that the town was set on fire by the shells. The towns of Zebrugge and Lombardzyde have been practically destroyed by fire and shells, according to latest reports, and the Germans driven back ten miles from the coast. A British destroyer during fighting between the land batteries and the British fleet bombarding the coast.

German requests for an armistice in the region of Verdun have been refused by the allies, according to an official announcement at Paris. The announcement states that the French artillery has successfully bombarded Amaville in the region of Pont-a-Mousson. This indicates that the French have taken the offensive in that district and are striking at Metz, the great German stronghold just across the frontier. Pont-a-Mousson is in the Moselle valley, fifteen miles south of Metz.

In the official communication issued by the German general staff, the Germans claim to have made progress at Arras, France; to have repulsed all the Russian attacks in east Prussia; and to have checked the Russian counter attacks in Russian Poland. The statement says: "In east Prussia our troops repulsed all the Russian attacks. In the counter offensive of the Russians from the direction of Lowicz, Strykow and Brzeziny they failed. In the

MORE ARRIVALS AT CHARLESTON.

Palmetto Park Stalls Rapidly Filling Up Preparatory to Next Wednesday's Opening.

Charleston, S. C., November 25.—Additions to the racing colony here continue numerous. The town-folk are extending a hearty greeting to the newcomers and are taking a more active interest in the coming meeting than at any previous time. The hotels have applications for reservations from turfmen far in excess of any former season, which is an indication that there will be a much larger contingent of visitors here. Advice from Havre de Grace received today by Manager Auerbach state that fully 80 per cent. of the racing contingent there will take part in the Palmetto Park meeting. Applications for stable room continue to pour in and it is now becoming a problem with the Charleston Fair and Racing Association management how to adequately accommodate all the applicants. Everything about the plant is in readiness for the opening. All the minor improvements are well under way and will reach completion within the next day or two. Secretary Nathanson will tomorrow begin removing his office effects to the track, where the business of his department will be conducted.

Arrivals of horses today included divisions of the establishments of H. G. Bedwell, J. O. Talbott, R. E. Vadas and James S. Ownbey. With the above assignments came the horses owned by C. Reed, E. T. Colton, who will race a string here, arrived today from Chicago and will remain until the close of the meeting. Several new rules will be put into effect at the coming meeting, the most important one and one that could be copied with good results by other associations, is that of subjecting all the jockeys intending to ride here to a rigid physical examination. All those failing will not be allowed to ride. This rule, it is thought, will have a tendency to do away with some of the inconsistencies shown suddenly by some of the riders. Another rule will be put into effect is that of allowing no declarations below eight without consent of the stewards. Formerly it was the rule to allow declarations down to six.

Algermon Daingerfield, secretary of the Jockey Club, has sent word here that he would arrive next Tuesday and issue licenses to applicants. He will remain several days before returning to New York. The matter of quarantine against live stock shipment has been taken up by the association here with the proper authorities and the horses have been given a clean bill of health, but to obviate any necessity for delay in getting the special trains through from Maryland, owners will be advised to dispatch their horses by the regular day and other feed stuffs and supply themselves with just enough to last them to points along the route, where feed will be had through co-operation of the railroad people.

Auditor Frank J. Bruen arrived tonight from Cincinnati and will begin his duties at once.

district of Czenstochowa all the Russian attempts also broke down before our front." Petrograd announces that the Russian defense against the German left is holding fast, according to trustworthy information reaching here. Furthermore, the Russians are assuming the offensive on the German right. The German advance from Wielun, south of the Warthe, has been checked after severe fighting, it is claimed. The Germans are said to be receiving heavy re-enforcements between the Vistula and the Warthe.

The following official statement was issued by the Russian war office: "The battle of Lodz still continues. At one point Russian cavalry attacked the rear of the retreating infantry, inflicted heavy losses and captured heavy guns. On the Czenstochowa-Cracow front the battle is developing successfully. On Sunday more than 6,000 prisoners were taken. The enemy's attempts at a counter attack were repulsed."

An official dispatch from Vienna says: "The battle in Russian Poland, in spite of the bitter cold, is being energetically continued. Our troops have captured several bases of operation and are progressing especially toward Woldrom and on both sides of Pilica. Numerous prisoners have been taken. At other places the situation is unchanged. The prisoners in the interior of the monarchy number 110,000 men. Among these are 1,000 officers."

Great Britain and France have appealed to the United States to exercise its good offices to compel Colombia to observe more strictly the requirements of neutrality. Otherwise, the allies, it was announced in the British house of commons yesterday, may be compelled in self-defense to take whatever measure they deem necessary for the protection of their interests.

The German official press bureau made denial of the statement of the secretary of the British admiralty that a German submarine had been sunk off the coast of Scotland by a British patroling vessel. "British reports concerning the destruction of German submarines," the press bureau says, "are unfounded. No submarines are missing."

The British official information bureau issued a statement saying that certain detachments of the Indian troops in Flanders had gallantly retaken some trenches which the British lost. The Indians captured three German officers and more than 100 men, together with one mortar and three machine guns.

New rates of pay for British army officers, showing increases of from 10 to 25 per cent are announced. The new daily rate for a captain is raised from \$3 to \$3.50 and for a lieutenant from \$2 to \$2.50. These increases also are augmented by various special allowances.

Special dispatches from Milan report that the Indian troops along the Suez canal have been defeated. The Turkish government has announced that the Suez canal will be kept open for traffic, according to a semi-official dispatch from Rome.

German newspapers have received a telegram from Milan saying that Grand Duke Dmitri of Russia, son of Grand Duke Paul Alexandrovitch, uncle of Emperor Nicholas, was severely wounded in an engagement on the river Warthe.

A dispatch from Lisbon says the Portuguese congress has decided that Portugal shall co-operate with the allies when it considers the step necessary. The minister of war will issue a decree for partial mobilization.

Count von Bernstorff, the German ambassador, yesterday lodged with the state department at Washington the protest by his government against the alleged violation by the allied powers of the declarations of London.

A decree has been issued by which the exportation of gold from Turkey is forbidden. All foreigners are ordered to deliver up the keys to their strong boxes in the bank.

Twenty-four thousand of the 50,000 Canadians who are to be enlisted under the new scheme for increased mobilization, have already been enrolled.

Boer rebels, entrenched at Klipdrift, have repulsed attacks by the British forces, according to a dispatch from Pretoria.

A dispatch from Amsterdam says the Germans have arrested 300 British subjects who remained in Brussels.

WINTER RACING SEASON ON

JUAREZ MEETING OF ONE HUNDRED OR MORE DAYS TO BEGIN THIS AFTERNOON.

Conditions More Promising for a Brilliantly Successful Season at Mexican Course Than at Any Previous Opening—Heavy Track Likely.

El Paso, Tex., November 25.—Not since the track was opened in 1909 has a winter racing season at Juarez held out such promise of brilliant racing and success in other respects as the one hundred or more days' meeting which will open tomorrow at the magnificent home of the Jockey Club Juarez just across the Rio Grande. Horses of better quality than ever, a greater number of visitors attracted by the sport than in previous seasons, a more promising plan for the running of the betting ring along satisfying lines and the consummation of improvements at the course that not only please the eye but will enhance materially the comfort of patrons of the sport, are among the items that are expected to set up a new standard for racing in this section of the country.

On the eve of the opening, El Paso is crowded with visiting turfmen as never before. The tranquility that prevails in northern Mexico, in contrast to preceding seasons, is doubtless in some degree responsible for this satisfactory state of affairs. Everything is ready at the track, down to the smallest detail, for the inauguration of the meeting.

The only thing needed to make the opening a huge success is a pleasant day. Rain fell heavily today after a month of ideal weather conditions. The track has been in superb condition right along, but will be heavy and holding for the opening. It was re-surfaced during the summer and is expected to remain in good condition even under a drenching rain. In previous seasons it took only a little rain to make it extremely heavy and holding, on account of the adobe soil of which it was constructed. Now the adobe has been replaced with other soil and no such heavy going is anticipated as in the past, even under the most unfavorable conditions.

Late arrivals include Presiding Steward Charles F. Price, Racing Judge W. H. Shelley, starter Mars Cassidy and timer George Lindenberg.

Tom Shelley, a brother of Judge Shelley, is paying his first visit to the course.

W. G. Yanke, who is racing one of the most pretentious strings here and who has been visiting in San Francisco, has arrived.

Irving Hildebrandt and George Cosgrove are here from Spokane, Wash., to spend the winter. Asst. has wired for stalls for eight horses, including Ten Point, Robert L. Phyllis Antoinette, Be, Goldy, and three others. Trainer C. Banks and jockey Ward will accompany the shipment, which comes from Maryland.

SHIPMENT OF HORSES TO NEW ORLEANS.

New Orleans, November 25.—Running on passenger train schedule, six carloads of race horses will arrive here Saturday from Latonia, Ky., and be taken to the Fair Grounds track, where they will include the good handicapper Billy Floral Park, and the two-year-old colt, Jefferson. The latter, according to Grefer, was named in honor of Jefferson parish, and not after that great statesman, Thomas Jefferson.

Mats Cassidy, perhaps the best-known race starter in the country, was in New Orleans, scene of some of his most successful labors, a day or two ago on his way to Juarez, and expressed his sincere belief that the winter meeting which opens Jan. 1 at the Fair Grounds track will be a big success. "Horsemen with whom I've discussed the Crescent City's re-entry into thoroughbred racing tell me that they can't see a chance for the venture to fail for want of support both by horsemen and lovers of racing," declared Mr. Cassidy.

Mr. Cassidy was accompanied by his wife. Renewing acquaintances here occupied a good part of his time. He is in his usual robust health and his friends told him he didn't look a day older than when he was here, some years ago serving as starter at City Park and the Fair Grounds.

THE DEBUT OF SCEPTRE'S DAUGHTER.

Mr. Somerville Tattersall has always held something approaching a sentimental regard for the daughter of Persimmon and Ornament go to Germany, he went to 7,000 guineas to buy her himself. At the time of his giving that sum for her there was just a doubt about Sceptre being in foal, but the well-known auctioneer took the risk. Small wonder, therefore, that Mr. Tattersall was so scrupulously in seeing his two-year-old run in the second race yesterday. Though he expected the youngster to run well, he did not appear to his friends to be really sweet on her chance, as the hard ground of the summer had been all against her. This could be imagined when one noticed how scrupulously she cantered to the post. Carla favors her dam more than her sire in color, and though not a big one, there is a lot to like about her. A clipped coat detracted from her looks, but she is broad in her hips, and has other racing-like qualities. She ran green in her race, and her jockey, realizing this, did not ride her hard, with the result that the filly was racing most of the way with her ears pricked. It would be unwise to condemn her because of this rather disappointing performance, for time should do much for her, and very possibly she will be seen at her best when the going is heavier than it was yesterday. Mr. Tattersall also owns a yearling colt by Cicero out of Sceptre.—London Sporting Life of October 28.

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

G. P., Chicago. It was a losing venture.

W. O. S., Morocco, Ind. Birdie Williams belongs to J. C. Waters. Do not know his present location.

G. W., St. Louis, Mo. A parlay made as described would win place as a single place wager on Athena.

X. Y., Galesburg, Ill. As to the first query, no. Post positions are usually determined by lot some time in advance. Do not do any service of the kind suggested.
